

HB 940 -- County Planning and Zoning

Sponsor: Fitzpatrick

This bill changes the method of selection for all noncharter and non-township county planning, county zoning, and county planning and zoning commissions or boards from appointed positions to elected positions, except for temporary county planning commissions appointed under Section 64.725, RSMo, for the sole purpose of preparing a county plan to put before the voters. If the county plan is adopted, the temporary county planning commission will be replaced by an elected county planning commission. If the county plan fails to be adopted, the temporary planning commission will be dissolved.
